

Cord-End Terminals

Pre-Insulated Cord End Terminals

- Perfect for the reinforcement of fine wire strands when terminating a cable in a connector block.
- Suitable for Tri-rated cables
- Available in French and German color ranges
- In accordance with DIN 46288 Part 4.

Application:

Reinforcement of fine wire strands when terminating a cable into a connector block.

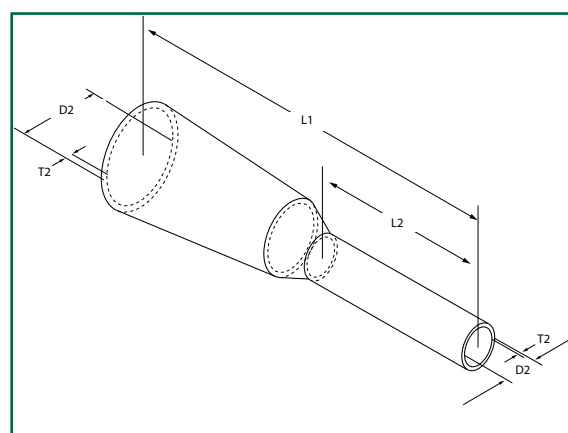

Material: Tin-plated Electrolytic Copper,
Halogen-Free Nylon PA66

Service Temperature Range: -20°C to +105°C

Standards: DIN 46288 Part 4.

Approvals: UL Approved - E507013

Flammability(UL-94): V2
